PERSONAL STATEMENT

Greetings, I am KM Fuad Bin Ayub currently studying BBA in Management at BUP, I am disciplined and proactive BBA Management student at BUP, looking to transition my strategic thinking skills into an administrative role. While my experience is academic and in real time event management my strengths lie in critical analysis, attention to detail, and a commitment to meeting deadlines without delay. I pride myself on my ability to anticipate needs, solve problems logically, and manage the moving parts of an event with the same focus I apply to analyzing business trends. I am ready to bring this reliability and structured thinking to the administrative team at BUP Career Club.
